We have been working on parking solutions and have some good news!  
We have procured a remote overflow lot for use during the busiest traffic times.  
The lot is located next to the Holiday Inn to the south of the Arena and tollway off of Mannheim. You will enter off Mannheim and signs and staff will direct you (see map).

The walk to the market entrance is about 2 city blocks (1/4 mile). You may be walking on some grassy areas.

Our intent is not to force anyone into the new lot due to the distance, but if you prefer a short walk rather than the main lot's traffic, then this should work out for you.

We will advertise on our various sites to let people know about the overflow parking.

Please do not park in the hotel lot or any other surrounding businesses (subject to towing).
